Ashleigh Korves, DPM, FASPS
Chairman, American Society of Podiatric Surgeons

Dear Colleague,
We want YOU to join us.

As Chair of the American Society of Podiatric Surgeons (ASPS), I would like to extend you a warm and sincere invitation to join our society. We are the only recognized surgical affiliate organization of the APMA with a goal to provide education pertaining to surgery of the foot, ankle, and related structures to ensure optimal results and excellent patient outcomes.

Becoming a member of ASPS does not require certification or qualification by ABFAS or ABPM. We believe in high-quality surgical education for all, regardless of specialty or board certification status, which is exactly why I want to personally invite you to join our surgical organization.

Podiatry is a multifaceted profession. ASPS recognizes the sub-specialties within our profession are vast, including wound care, sports medicine, dermatology, pediatrics, and more. As physicians with various areas of expertise, the more education and training we have, the better our patients and communities are served.

I am pleased to announce, in an overwhelming majority, the ASPS membership voted to amend the membership requirements for our Affiliate membership category to provide an inclusive opportunity for all physicians to join us and gain outstanding access to educational opportunities.

A DPM, MD, or DO who is a current member of APMA, regardless of board qualification or certification status, is welcome to join ASPS as an Affiliate member. Fine tune your surgical knowledge with the help of ASPS colleagues and peers and trade surgical tips and pearls of wisdom with experts within the profession.

There is a home for EVERY podiatrist with ASPS.

Contact us at membership@aspsmembers.org, 337-628-2888, or visit us online at aspsmembers.org for more information.

Sincerely,

A handwritten signature in black ink, appearing to read 'Ashleigh Korves', written over a white background.

Ashleigh Korves, DPM, FASPS
Chairman, American Society of Podiatric Surgeons

CREATED FOR THE PROFESSION, BY THE PROFESSION

Dedicated to podiatric surgical excellence in education and research, ASPS advances the practice of practitioners who strive to be experts in surgery of the foot, ankle, and related structures. ASPS provides education that helps you achieve excellent results and improved patient outcomes. Collaborating with the American Podiatric Medical Association (APMA), ASPS serves as the only official Surgical Affiliate to represent the interests of both organizations' members.

Enhance the Profession

Increase your professional growth and development by getting involved in committees, leadership opportunities, education, lectures, and use of the fellow, affiliate or associate ASPS credential.

Cutting-Edge Surgical Education

Members receive discounted registration to the annual surgical conference, arthroscopy courses, hands-on workshops at the APMA National, exclusive online learning opportunities and webinar library.

Young Physician Support

Young podiatric surgeons are facing many new challenges. We recognize the value and needs of students and residents by offering complimentary membership and discounted educational opportunities.

Professional Community

Learn from the best! As a member, enjoy opportunities to network and collaborate with distinguished surgeons, colleagues, and industry professionals from around the country at ASPS live events, webinars, and social media networks.

Other Member Benefits Include:

- On-demand access to the online library of surgical and practice management webinar recordings accessible to only ASPS members, on the ASPS website.
- Leadership opportunities: Our members respond to interview requests from media, collaborate with the FDA, and more!
- Opportunities to lecture at local, regional, and national conferences.
- Affordable dues structure.
