Shock Wave Therapy

We Don't Manage Pain...
We Eliminate It.

A lot of claims and promises are made in the treatment of chronic plantar fasciitis and tendinitis conditions. Over the years we have seen many treatments come and go.

High Energy ESWT with the Dornier Epos Ultra is the **gold standard** treatment for difficult chronic, phase 2 plantar fasciitis and tendinitis. Excellence Shock Wave Therapy has been providing ESWT with the Dornier Epos Ultra for 18 years.

Only ESWT with the Dornier Epos is FDA approved, proven effective in numerous high quality studies, and has stood the test of time in the real world.

Patients are looking for this treatment and we are looking for dynamic physicians to offer this service at no investment or cost to the practice.
